teel was the centre of the stage again to-day. Trading in this stock was spectacular in the early part of the day. Excited operators ran up the price to 68, the highest figure since last Septembor and a gain from yesterday of 15-8. Within the first fifteen minutes transactions in this issue amounted to 135.00 shares. By the end of the first hour the total had been awelled to 202.000 shares. After that the pace was more moderate. The price cased off until the gain had been eliminated, and during the remainder of the day movements were narrower. The day's business was the largest of several weeks, with a total of 337, 600 shares of tother stocks.

When United States Steel fell back the whole market declined, some stocks falling unier yesterday's close. The feverish bidding for United States Steel was ascribed largely to short covering. It was apparent that the steel bears had become thoroughly alarmed by the course of the market his week and spectacular in the early part of the
